

Wild Wisdom Global Challenge (WWGC)

Classroom Challenge Round — Guidelines

Quiz Window: 20th August – 20th September, 2026

1. Overview of the Classroom Challenge

- The Classroom Challenge round will be conducted virtually through the WWGC Quiz Platform.
- The quiz will go live on **20th August** and remain active until **20th September, 2026**.
- Registered students may take the quiz on any day, at any time, within this window.
- The Classroom Challenge consists of a total of **four quizzes**.
- Students may attempt the quizzes at their convenience; it is not mandatory to complete all four in a single sitting.
- Schools are not required to conduct the Challenge on their premises- students may take the quizzes from home as well.
- Students must complete **all four quizzes** to be eligible for consideration for the State-Level Round.
- The **top two students from each participating school** will qualify for the State-Level Round, based on cumulative scores across all four quizzes.
- In the event of a tie, the cumulative time taken to complete all four quizzes will be used as the tiebreaker.
- Any use of unfair means — such as AI tools, ChatGPT, etc. — will result in disqualification from the Challenge.

Note: Students may be able to clear the Classroom Challenge round using AI tools such as ChatGPT; however, they will not be able to perform as well in subsequent rounds, since those rounds use different formats and platforms. Please ensure students complete the quizzes without resorting to unfair means, so that the most capable students genuinely qualify for the next round.

2. Instructions for Students

1. Register yourself on the WWGC Quiz Platform using either your active email ID or mobile number to receive an OTP.
2. Make sure the email ID or mobile number you provide is correct and one you can access.
3. If you use your email ID, check your Inbox for the OTP. If you don't see it, check your Spam/Junk folder.
4. If you use your mobile number, you'll receive the OTP via SMS.
5. Enter the Unique School Code given to you by your school/teacher during registration.
6. Fill in your correct Email ID/Phone Number, Class, Roll Number, and Unique School ID.
7. Once registered, click the Play button to start your quizzes.
8. There are four quizzes in total. Each quiz has **15 Multiple Choice Questions (MCQs)**, and you'll have **8 minutes** to complete each one.
9. You get only **one attempt** per quiz — so answer carefully.
10. You must complete the quizzes in order. The next quiz will unlock only after you finish and submit the previous one.
11. You must complete **all four quizzes** to be considered for the State-Level Round.
12. You don't have to finish all four in one sitting — take them anytime that works for you, within the Challenge window (20th August – 20th September, 2026).

13. Your final ranking will be based on your total score across all four quizzes. If there's a tie, the total time taken to complete all four quizzes will decide the ranking.
14. Make sure you have a stable internet connection before starting a quiz.
15. Stay on the quiz page the whole time. If you switch tabs, open another browser, or minimize the quiz window, you'll get a warning. You're allowed up to **three warnings** — if you do this a third time, your quiz will be **automatically submitted**, and your attempt will end.
16. Once you submit a quiz, that's final — you can't retake or change it.
17. Do not use unfair means (like AI tools, ChatGPT, etc.) or break any quiz rules — this will get you disqualified.
18. The top two students from each school (based on combined performance across all four quizzes) will qualify for the State-Level Round.
19. You can check your progress anytime on your student dashboard.
20. Both students and teachers will receive Participation / Appreciation certificates. Your teacher coordinator can download the e-copy of these certificates from the Teacher Dashboard.

3. Instructions for Teachers

- Please circulate the WWGC Quiz Platform link, the student registration link, and the Unique School Code to all participating students.
- Ensure students enter the correct Email ID, Phone Number (for OTP authentication), Class, Roll Number, and Unique School ID at the time of registration.
- You can monitor student registrations, quiz completion, scores, and overall performance through the Teacher Dashboard.
- Scores across all four quizzes will determine the Classroom Challenge results. Based on final rankings, the **top two winners** from each school will advance to the State-Level Round.
- If a student registers with an email ID and doesn't receive the OTP, advise them to check both their Inbox and Spam/Junk folder. If they register with a mobile number, the OTP will arrive via SMS.
- Please encourage and ensure participation from all eligible students at your school.
- Make sure students are clearly informed that there are four quizzes, only one attempt is allowed per quiz, and the next quiz unlocks only after the previous one has been completed and submitted.
- Ensure students complete all four quizzes, as this is required for eligibility in the State-Level Round.
- The top two students from each participating school will qualify for the State-Level Round, based on cumulative performance across all four quizzes.
- **Certificates:** Both students and teachers will receive Participation / Appreciation certificates. As the Teacher Coordinator, you can download the e-copy of both certificates from the Teacher Dashboard, available from **20th September 2026 onwards**.
